Annual Report (2022-2023)

Alumni association keeps alumni connected to their alma mater and each other, and they provide valuable resources and networking opportunities for both current and former students. Alumni networks can also be a way to give back to the institution by providing advice and mentorship to current students. Alumni association is best at keeping the students who have passed out from the institution connected to each other and to the institution itself. The Association gives the opportunity to give something back to the alma mater from whom we have received our education.

One meeting of the association was held on 6th September, 2022. Meeting was started with the introductory speech by the secretary of the association Dr. Rujas Yonle. The main agenda of this meeting was the possible solution of shortage of water in campus area. Also, a discussion was made to construct a student's toilet (Urinal) below the Geography Department to ease the trouble of the students from the departments of Geography, Physics and Mathematics.

President

Dr. Projjwol Chandra Lama
