ALUMNI ASSOCIATION

Annual Report (2020-2021)

Alumni associations are important for many reasons. They keep alumni connected to their alma mater and each other, and they provide valuable resources and networking opportunities. Alumni networks can be a valuable resource for both current and former students. For current students, alumni networks can provide mentorship and guidance. For former students, alumni networks can provide a way to stay connected to the school and other alumni. Alumni networks can also be a way to give back to the school by providing advice and mentorship to current students. Alumni association is best at keeping the students who have passed out from the institution connected to each other and to the institution itself. The Association gives the opportunity to give something back to the alma mater from whom we have received our education.

The year 2020 was unexpected and the countrywide lockdown due to the pandemic covid - 19 kept all of the alumni members inside the houses. The Association did have an online meeting on 15th January 2021 as a general online meet amongst the members. The meeting was brief and did not discussed any significant topics. Only the alumni members within the College were present in the meet.

No significant programmes were conducted during this year.
