

ACTION TAKEN REPORT (2018-2019)

Student satisfaction surveys are an important tool for measuring the effectiveness of education and identifying areas for improvement. By gathering feedback from students about their experiences in the classroom, the College can gain valuable insights into what is working well and what needs to be changed. This information can then be used to make informed decisions about curriculum development, teaching methods, and resource allocation.

After the feedback reports from the students and the teachers, the following action taken by the College:

1. Most of the students were satisfied with the completion of the syllabus and the study environment of the College.
2. There is demand from teachers and students to increase the number of smart classrooms and the College has put forward a proposal for a new academic building.
3. To increase the water connections all over the College, especially to the Toilets.
4. For the drinking water facility, the College has proposals to the higher education department for the connections in the College.
5. To encourage the students into extracurricular activities, the College playground has been extended. This will be beneficial for the physical development of the students.
6. Encourage the students to go to the library and make use of most of the resources.
7. Awareness among students regarding the Grievance Redressal Committee.

ACTION TAKEN REPORT (2019-2020)

Conducting a student satisfaction survey can also improve communication and build trust between students and teachers. By giving students, a voice and actively seeking their input, educators can demonstrate that they are committed to creating a positive learning environment. This can increase student engagement and motivation, leading to improved academic performance and greater student success. The IQAC conducts a feedback survey after the end of every academic year and the action are taken by the College based on the feedback received. The Covid-19 induced lockdown from March 2020 deterred the College from implementing most of the following actions.

After the feedback reports from the students and the teachers, the following action taken by the College:

1. Most of the students were satisfied with the completion of the syllabus and the study environment of the College.
2. To monitor the progress of students, the Departments are asked to take monthly tests.
3. To increase the number of smart classrooms.
4. To increase the water connections all over the College, especially to the Common Toilets and the washroom of the teachers.
5. Encourage the students to go to the library and make use of most of the resources.
6. Solve the problem of drinking water facilities in the college
7. Awareness among students regarding the Grievance Redressal Committee, Anti-ragging, and Anti-Sexual Harassment Committee.
